RE: Collective Bargaining Update

We held meetings with our members on July 7th and 8th and obtained input and direction from those in attendance. Thank you to all that attended our meetings.

The members in attendance were able to confirm their current priorities and provide us with an updated mandate to continue with the collective bargaining process. At the meetings, we heard from our membership that they support applying for mediation and continuing to push for a fair and reasonable deal.

We have advised the Foundation that we will be applying for mediation. We are currently preparing all the required documentation for the application. As we are in the summer months and, therefore, have to work around vacation schedules, we anticipate that we may not have a meeting with a mediator until September.

We will keep you updated throughout the process.

Thank you,

Darren Chivers
